All water bills are due and payable by the 20<sup>th</sup> of each month. If the bill is not paid by this date, an automatic 10% late charge will be added to the past due balance and the total bill amount becomes due immediately. Applicant is responsible for all charges until applicant has requested service to be terminated. If a past due amount is shown on the bill, the full amount due must be paid or service will be disconnected without further notice. Additional charges will apply for restoration of service and any other costs incurred in settling your account. Failure to receive a bill does not entitle delayed payment. There will be a \$30.00 charge for all returned checks.

I understand, and hereby agree to the following:

1. Falsification of any of the above information may result in immediate disconnection of service without notice.
2. Failure to pay an account in accordance with the City of Emerson's policies will result in disconnection of service.
3. Failure to pay the final bill will result in the account being submitted to collections. I will, as a result, be responsible for all late charges, interest and collection costs, including reasonable attorneys fees.
